Email: Bill.Morgan@unt.edu

1. ELIGIBILITY: Students entering their senior year of study in the Interior Design program at the University of North Texas, upon having completed ADES 3620, ADES 3630 and ADES 3640 or are in the process of completing. Summer internships prior to entering the final year of study are highly encouraged.

2. OBJECTIVES: The Internship Program provides the following opportunities: 1) Helps the student develop a realistic view of the profession, through actual work experience with qualified knowledgeable professionals, 2) Informs the student of operational procedures and policies employed in various aspects of the profession of Interior Design as well as related fields, 3) Develops an awareness of teamwork and interaction on a variety of levels within the work environment, and finally, 4) Allows the student to put into practice the skills and knowledge obtained in the classroom.

3. WORK REQUIREMENT AND CREDIT: Each student is required to complete 120 hours of work for 3 credit hours of coursework. All Interior Design Students are required to complete 3 credit hours of Professional Internship. ADES 4700 Professional Internship for Interior Design will be offered for credit during the Fall semester only. Students are eligible to receive a grade (in the fall semester) for an internship completed during the spring, summer or fall semester of that calendar year. The required number of hours and documentation assignments must be completed before the conclusion of the fall semester. Please notify the program contact if you do not think you will be able to complete your internship by the end of the fall semester. Please create a resume, which you can use to apply for the internship. We recommend that you contact Interior Design faculty, for example faculty teaching presentation technique or the program contact for the internship to discuss your resume and to receive feedback for a final version to be sent to your internship employer.

4. REGISTRATION: To receive academic credit the student must register for ADES 4700 during the official registration period for the fall semester. The professor conducting the internship will provide an orientation session and contact information for approved internship locations during your spring semester. Students must secure their own internship position. Locations not on the approved list must be reviewed to ensure that each student receives a valid educational
experience. Your internship employer will sign the employer information form and your employer will have at least one registered Interior Designer, NCIDQ certificate holder or registered Architect on staff. Before the internship is begun, students must submit their employer information to the professor of record and maintain the status of the required documentation as presented in this packet. Once you have submitted the employer information form to the instructor of record, the administrative staff at the Design Office will enroll you into ADES 4700. You are responsible to check enrollment before the deadline of fall enrollment and inform the Design office of discrepancies.

5. SUPERVISION: It is expected that the employer or their representative will be responsible for supervising the student's work during the term of the internship and serve as liaison with the professor conducting the internship course. At least one employee at the firm you intern with is a NCIDQ certificate holder or a registered Interior Designer or Architect.

6. REMUNERATION: Payment is not a requirement, however, if possible encouraged. The primary goal of the internship is to provide a quality professional experience for the student.

7. TIMESHEET: All hours must be logged during your internship using the provided timesheet. This timesheet must be signed by your supervisor verifying the hours completed and submitted upon completion of 120 hours. Students have the option of continuing in their internship position beyond the required 120 hours to gain additional experience but will not be eligible for additional course credit.

8. EVALUATION: the employer, the student and the professor conducting the internship evaluate the internship experience separately. The evaluation process is accomplished by questionnaires and a student paper, all of which are reviewed by the professor conducting the internship for a final grade.

9. SITE VISITS: At the request of the employer or the intern, a site visit by the professor conducting the internship may be arranged. Site visits may not be possible when schedule conflicts exist, but they should be used for new internship employers and on a case by case basis as required.

EMPLOYER: __________________________________________________

QUESTIONNAIRE (please answer these questions on a separate report document with a title page followed by your question-answer narrative. Craft a professional title page with relevant information about your internship firm, the course and your name.

Complete and discuss the following questions with your employer and return this form to the professor grading this internship. Leave a copy of the mid-term report with your internship firm.

1. What general duties have you been performing for the internship experience to date? What is your responsibility for each of these duties? How do these responsibilities fit into your career goals?

2. What other learning experience(s) would you like to have in the time that remains of your field experience? Have you discussed this with your employer? What activities would you suggest could be done differently during the first half of the internship?
3. Do you feel more qualified in the area in which you have been working? Explain in detail what activities made you more qualified, Why, ?

6. Have you had experience with budgeting and/or estimating? If so, please give examples: (if not ask your employer to discuss budgeting and estimating with you.)

FINAL TERM PAPER...DUE AFTER 120 HOURS WORK

DISCUSS ITEM #1, AND THEN SELECT AT LEAST TWO ADDITIONAL ISSUES FROM THE FOLLOWING TOPICS TO INCLUDE IN YOUR PAPER NARRATIVE

1. What have you gained from your internship that will help you advance in your studies? How does the internship prepare you once you are working in your professional area, and how do you foresee using this experience in the classroom and after graduation in your workplace? Discuss some of the more important (to you) experiences you have had while working as an intern, and describe how you plan to build on these experiences in your classroom and your professional career.

2. Has your opinion of the profession been altered now that you have worked? In what ways? How will this change your professional plans? Did you discover one specific area that you especially enjoyed and would like to continue with? If so, what and why? Has this changed your career focus?

3. Discuss some of the mistakes one should not do once working in the profession, and suggest alternatives.

5. Select a topic covered during your internship which is of interest to you and would show that you have gained some knowledge of the profession through your internship experience, and elaborate on it.

Term paper requirements:

1250 words minimum. In addition to the topic criteria, neatness (layout and composition), grammar and spelling are factors in determining students' grades. A list of answers is not acceptable for this assignment. Use 11 pt font, regular margins and 1 ½ spacing for this document. Craft a professional title page with relevant information about your internship firm, the course and your name. The title page is NOT part of your word count.

Additional Comments... (overall job performance, estimated potential in the profession):

Performance Level__________ Signature:_____________________________________

1: Excellent work, 2: Good work, 3: Average work, 4: Fair work, and 5: Unsatisfactory

**SCAN and upload as a pdf to the CANVAS course management platform to the folder Evaluation by December 2**

*Project budget exercise*
With guidance from the Internship supervisor, the student is to prepare a project budget for a minimum of one area scenario that is appropriate for the practitioner’s project specialty. For example, an office or conference room in a commercial space, a classroom in an educational space, a hotel room or public space for hospitality design, a kitchen or living area in a residence, etc. A sample template has been provided, but any format that is typical to the firm’s practice is acceptable.

The budget exercise is due with the final internship report

Budget documentation should include evidence of the following concepts:

1. **Organization by project phase** as applicable: Demolition/Construction; Life Safety & Code issues; FF&E; MEP (Mechanical, Electrical, Plumbing) Systems; Power & Communications; Delivery & Installation; Project Management & Supervision; other disciplines or consultants

2. **Understanding of unit pricing/cost and extended cost**: Linear feet; square feet; each, overage, rapport, transportation etc.

3. **Understanding of labor cost, installation**: Itemized according to unit; Included in cost of materials; Percentage, etc.

4. **Applicable life cycle cost issues**: recycled, reclaimed, refurbished items; packaging/transport; maintenance agreements; reclamation or disposal, etc.

5. **Proposed Estimate** of project cost based on total of itemized subtotals

6. **Terms** of agreement, notice to proceed, client approval, etc.

7. **Project scope area drawing** or graphic representation (may be pdf or “screen shot”).
